SANDBERG PHOENIX

INDUSTRIES

Medical Devices

Our clients look to us for our experience and understanding of their needs to litigate, arbitrate, mediate and appeal product liability disputes and to provide counseling and guidance in everyday regulatory affairs and risk management.

We also act as outside general counsel to manufacturers and distributors of medical equipment. We represent numerous manufacturers and distributors of medical devices, including: artificial hips, artificial knees, other orthopedic devices, catheters, heart valves, pacemakers, endoscopy equipment, insulin pumps, spinal rods, allograft tissue and wheelchairs.
