Liability

Asbestos Litigation

Tracy Phipps joined Sandberg Phoenix in 2018 as a shareholder. Her practice is focused on civil litigation defense with a concentration in products liability, premises liability, toxic tort defense and asbestos defense. She previously worked to defense business and insurance clients in workers' compensation matters. Over the last fifteen years, Tracy has successfully defended thousands of cases in Madison County, Illinois and St. Louis City as well as throughout the State of Illinois and State of Missouri. She has represented a wide variety of corporate clients and particularly enjoys working with small business owners who are new to the world of asbestos and product liability litigation. Tracy takes great care in assisting clients to understand the litigation process, keep clients timely apprised of case status, and is always especially mindful of client economic concerns. She continually strives to find new and innovative ways to most effectively and efficiently serve her clients.

Because of her commitment to the advancement and retention of women in the legal profession, Tracy serves as Co-chair of the Sandberg Phoenix Women's committee. She also works as Chair of the Sandberg Phoenix Paralegal management team where she supports the firm's paralegals in providing essential services to clients at an exceptional value.

Originally from Evansville, Indiana, Tracy now resides just outside of St. Louis in Waterloo, Illinois with her husband and two young daughters.
