Force Majeure & COVID-19 Business

Disruption

In response to the unprecedented developments surrounding COVID-19, Sandberg Phoenix announces the formation of a Force Majeure & COVID-19 Business Disruption Team.

At Sandberg Phoenix, we understand many business owners are facing business disruptions during this time. Business Litigation Practice Group Shareholders, Phil Graham and Natalie Kussart, are leading the firm's efforts in assisting clients in addressing COVID-19 issues faced by businesses, other organizations and individuals in connection with the COVID-19 virus and its effect on the business community.

Our team is prepared to counsel clients about the effect of delays, cancelations and other events related to contractual and business relations and handling any resultant litigation.
