

Insurance Coverage & Bad Faith

We provide our clients with in-depth coverage opinions relating to complicated factual scenarios and complex legal issues. Our expertise in and extensive knowledge of insurance law qualifies us to provide our clients with cost-effective, sophisticated coverage analysis.

We regularly provide counsel and opinions in commercial general liability insurance, financial loss insurance, professional liability, directors and officers liability, title insurance, property insurance, automobile insurance, excess, umbrella and self-insured risk. In addition, we counsel our insurance clients on complex risk transfer issues relating to contractual indemnity and other insurance.

When the claim moves to a suit, we're prepared because we have considerable experience in defending insurers in both first-party and third-party "bad faith" and extra-contractual litigation. Furthermore, we have been involved in representing insurance carriers in hundreds of lawsuits in Illinois, Kansas and Missouri relating to litigating insurance coverage issues.
