Reflecting the commitment Sandberg Phoenix to adding complementary services and developing skills in firm attorneys, *Missouri & Kansas Super Lawyers* have named an unprecedented 25 firm attorneys to their list of Super Lawyers and Rising Stars for 2014.

Super Lawyers rates attorneys who have attained a high-degree of peer recognition and professional achievement. Attorneys are selected using a patented multiphase selection process. Peer nominations and evaluations are combined with third party research. Each candidate is evaluated on 12 indicators of peer recognition and professional achievement and selections are made on an annual, state-by-state basis.

Rising Stars are attorneys under the age of 40 or who have been practicing law for less than ten years, who have been recognized by Super Lawyers as up-and-coming talent in their areas of practice.

Super Lawyers and Rising Stares are credible, comprehensive and diverse listings of outstanding attorneys and can be used as a resource for attorneys and consumers searching for legal counsel. With firms limited to nominating just ten percent of their attorneys, having nearly 30% of our lawyers selected is truly an honor for Sandberg Phoenix, but is no coincidence. When your first goal is client satisfaction and you guarantee superior service, relationships – and recognition – will follow.
